# Final live Testing Bugs

1- Document Post upload

    a. Doc Post uploaded but not downloaded

    b. The view is not good I uploaded 1 doc but here are two (Test again for Different PDFs)

## 2- Error when no results found for an Email.
   a. Make this Error handleable or view able for user

3- Reject Request Not working
   a. When a user request to someone for relation then reject button is not working for rejection of relation. (working on Notification **Reject button**)

4- Default Pic is also available here for Mom.

5- This decline button has some serious issue that when we decline for one time then again no one can again confirm this same peson's death.
